

# Pieces

by Angela Bond

F C Gmin Bb

We didn't say good-byes  
You had no empathy  
Or compromise  
In your eyes

Shut the door in my face  
You left me by myself  
In disgrace  
Alone in this place

Our promises are shattered  
Too many punches to the heart  
There was no remorse when it mattered  
We just pulled our love apart

Don't leave me in pieces  
Don't leave me broken on the floor  
Don't leave me in pieces  
Don't leave me alone here anymore  
Don't leave me in pieces

Thinking bout the things we said  
All the words we can't take back  
Bathed in red  
Oh how I've bled

Hate like needles in my bones  
And my tears are rolling down  
The face I've shown  
I can't heal us alone

Br

Our promises are shattered  
Too many punches to the heart  
There was no remorse when it mattered  
We just pulled our love apart

Ch

Don't leave me in pieces  
Don't leave me broken on the floor  
Don't leave me in pieces  
Don't leave me alone here anymore  
Don't leave me in pieces

Love is frail

But I believe  
That we'll be stronger

Ch

Please don't leave me in pieces  
Don't leave me broken on the floor  
Don't leave me in pieces  
Don't leave me alone here anymore  
Don't leave me in pieces
